IN THE SPECIFICATION

Page 1, after the title and before the first	st paragraph insert the title:
rage i, alter the title and belore the ins	n paragraph, moent me me.

	rage 1, after the title and before the first paragraph, insert the title.
BI	BACKGROUND OF THE INVENTION
	After the last paragraph of the second page, insert the following heading:
Br	Brief Summary of the Invention
	After the above inserted heading, insert the following paragraph:
B 3	Provided is an apparatus for fitting at least one hearing aid to the needs of an individual, comprising a fitting calculator with a first interface to transmit signals to a hooked-up hearing aid, with a second interface to receive response signals to auditory stimuli, and a computer unit that, as a function of inputs to the second interface, computes outputs to the first interface, characterized in that the first and second interfaces are merged into a single interface which is configured as a bidirectional communication unit. Preferably, the interfaces are of the I ² C type, the apparatus includes a rating input unit in the form of a keypad or voice input device for inputting auditory-stimulus response signals.
	After the above paragraph, insert the following heading:
84	BRIEF DESCRIPTION OF THE DRAWINGS
	After the above heading, insert the following paragraphs:
B 5	FIGURE 1 represents a presently known geometry of an apparatus for programming a hearing aid; and FIGURE 2 represents one embodiment of the invention utilizing a combined interface.
,	At the top of page 3, before the first paragraph, insert the following title:
86	DETAILED DESCRIPTION OF THE PREFERRED EMBODIMENTS

IN THE CLAIMS

Please cancel claims 1-5 without prejudice.

Please add the following new claims:
